

SurfSHIELD™

Natural barriers that protect and preserve

Meat, Fish, and Poultry Release

CASCADES SONOCO'S WATER-BASED RELEASE COATINGS

Linerboard treated with our water-based coatings offers a recyclable and repulable alternative to wax- and poly-coated products

APPLICATION

Release from frozen/fresh product packaging used primarily for meat, fish and poultry

PRODUCT TYPES

Folding cartons and corrugated boxes

PRODUCT FUNCTIONALITY

- Grease-resistant linerboard
- Water-repellent or water-resistant barrier coating
- Gluable: Hot-melt and cold set
- Corrugating process can be completed with coatings intact—withstands heat up to 375°F/190°C
- Flexible lead time for order quantity and delivery
- Customized orders

PRODUCT RANGE

- Linerboard grades ranging from 20lb. to 69 lb./1000 ft²*
- Coating weight determined by food/freezing conditions and requirements

*Other grades available upon request

Benefits

- Linerboard composition is 100% recyclable and 100% repulable
- No waxing treatment necessary
- Provides cost savings by eliminating plastic bags and packaging disposal fees
- Alternative to poly-coated inner liners, plastic bags and curtain-coated waxed packages
- Fiber tear resistant
- Printable surface: offset printing
- FDA compliant for direct and indirect food contact
